

# LGBTQ+ Care Program at Gracie Square Hospital

Affiliated with Weill Cornell Medicine and nestled on a quiet, tree-lined street, Gracie Square Hospital provides comprehensive, evidence-based behavioral health care in a welcoming and compassionate environment.

Rooted in our hospital-wide commitment to patient- and family-centered care, we proudly extend our services to all, including the lesbian, gay, bisexual, transgender and queer (LGBTQ+) community. Our LGBTQ+ Care Program, which offers equal access for all, delivers trauma-informed, inclusive, and gender-affirming mental health services. Clinicians and staff receive extensive training to ensure culturally competent care, including the use of inclusive language, policy review, and respectful, equitable treatment. We also collaborate with community organizations to maintain ongoing education, awareness, and support.

We understand that while mental health challenges can affect anyone, LGBTQ+ individuals may face unique experiences. At Gracie Square Hospital, we are dedicated to fostering allyship and delivering exceptional care that supports healing and recovery.

# LGBTQ+ Care Program (continued)

To facilitate admission, patients are encouraged to visit any NewYork-Presbyterian emergency room. If you are currently in another hospital's emergency department, you may request a transfer to Gracie Square Hospital for specialized care.

## About Gracie Square Hospital and Weill Cornell Psychiatry

**The LGBTQ+ Care Program** is offered at Gracie Square Hospital, located on Manhattan's Upper East Side. Our psychiatrists, who are faculty members at Weill Cornell Medicine, are nationally recognized for their expertise in diagnosing and treating a broad spectrum of psychiatric conditions.
